Commissioner for Patents

The reply received on 31 January 2008 is of insufficient quality for the official record and for examination. Specifically, the claims and Remarks are objected to because the print quality is poor due to several dark lines extending over each page of the Remarks and over pages 7-14 of the claims, obscuring the text thereof. It appears that the claims were submitted by FAX and did not transmit correctly. Accordingly, substitute claims and Remarks with clear, legible text on good quality paper and without any obscuring markings are required. See 37 CFR 1.52.

Since the above-mentioned reply appears to be bona fide, applicant is given a TIME PERIOD of ONE (1) MONTH or THIRTY (30) DAYS from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).

Any inquiry concerning this communication or earlier communications from the examiner should be directed to David Comstock whose telephone number is (571) 272-4710 (a detailed message should be left if Examiner is unavailable). If attempts to reach the Examiner by telephone or voicemail are unsuccessful, the examiner's supervisor, Eduardo Robert, can be reached at (571) 272-4719. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only.
